OBJECTIVE

Highly motivated Computer Science student with strong programming, Data Structures, and Algorithms skills, eager to contribute to innovative projects and learn from industry leaders through an internship opportunity.

EDUCATION

B.Tech in Computer Science, G.Pullaiiah College of Engineering and Technology, Kurnool **2022 - 2026**
CGPA: 8.2/10 AP, India

Intermediate (MPC), Narayana Junior College **2020 - 2022**
Percentage: 95% AP, India

SKILLS

Programming Languages	Java, C++, Python, HTML, CSS, JavaScript
Frameworks/Libraries	Bootstrap, React, Django, NumPy, Pandas, FastApi.
Databases	MySQL, SQLite
Developer Tools	Git/Github, Google Colab, VS Code, Anaconda
Academic Coursework	Data Structures, Operating Systems (Windows, Unix/Linux), CN, OOP, DBMS
Certifications	Generative AI (Microsoft) Python, NoSQL, DBMS, OOPs, Agile Development, Scrum (Infosys Springboard) Artificial Intelligence (Infosys SpringBoard AI and ML) Data Structures, MySQL (Great Learning)

EXPERIENCE

Infosys | AI and ML Intern | Remote **August 2025 - October 2025**

- Developed and deployed the "Emotion Detection + Spotify Recommender as – "Manoraag", a comprehensive online platform using Python, HTML/CSS, JavaScript, React, Spotify API enhancing system efficiency and user experience.
- Build CNN model to classify facial emotions and recommend music with the help of opencv
- Developed essential soft skills in teamwork, communication, problem-solving, project management, adaptability, leadership, and a strong work ethic, contributing significantly to my professional growth. ([Project Link](#))

Real-Time Voice Agent (30 Days Challenge) **August 2025 - September 2025**

- Created a AI voice agent "AuraVox" to listen , speak and hear
- Created TTS + speech echo bot using JS MediaRecorder API and FastAPI
- Integrated Murf API for AI voice generation
- Integrated Gemini API + Spotify API using FastApi by using React ([Project Link](#))

PROJECTS

Spell Checker: Developed a spell checker app using python and optimized it for dynamic and real-time content. ([Project Link](#))

Personal Portfolio: Developed a personal portfolio by using Html, Css, Javascript and build it responsive and dynamic website

EXTRA-CURRICULAR ACTIVITIES

- Participated in the Aspire Leader Program and learnt leadership skills, communications skill and networking.
- Secured First Places at Tech Expos and in PowerPoint Presentations for innovative ideas, demonstrated leadership by coordinating a coding competition, and actively contributed in group discussions
- Currently enrolled in Mckinsey Forward learning program and exploring it and learning soft skills like problem solving , time management etc , very excited to complete it.
